

■ Accessories for shakers

Extension rods for shaker with hook end

Treated aluminium extension rods for attachment to shaker drive. Available in two lengths, 2 metres and 3 metres, enabling adaptation to different heights of tended and harvested plants. Fashioned in one piece to ensure lightweight structure and maximum rigidity.

Description	Part number
2 m extension rod	61112080A
3 m extension rod	61112081A

Harness for shaker with hook end

Comfortable harness of ergonomic design, with generously proportioned shoulder pad. Ensures optimum distribution of weight and guarantees a significantly low level of vibration felt by the operator.
