**2-stroke mixture/oil hose**

Resistant to UV radiation and deterioration caused by petrol. Pack: loose.

Description	Part number
2-stroke mixture/oil hose ø 3.2 x 6.4 mm - length 1 m	<b>005100921A</b>
2-stroke mixture hose ø 3 x 5 mm - length 1 m	<b>005101079</b>

**Starting rope spoils**

High-strength diamond braided nylon rope for maximum resistance to strain and fraying. Pack: loose.

Description	Part number
Starting rope ø 2.5 mm - 100 m	<b>3503121</b>
Starting rope ø 3.0 mm - 100 m	<b>3503015</b>
Starting rope ø 3.5 mm - 100 m	<b>005101050</b>
Starting rope ø 4.0 mm - 100 m	<b>006101034</b>

**Fuel/oil can**

Fuel/oil can, BAM approved, for transporting in the car; red plastic dual purpose can: 5 l petrol + 2.5 l oil - professional type with graduated scale. Pack: loose.

Description	Part number
Fuel/oil can	<b>4175158</b>

BAM approved petrol can for transporting fuel on public highways in accordance with UN regulations. This product is TÜV certified. Comes with extension hose for troublefree refuelling. A high quality jerry can suitable both for professional and for home. Pack: carton.

Description	Part number
Petrol jerry can	<b>4175169</b>

■ Sundry accessories

**Electronic revolution counter**

Measurement range from 100 to 30,000 rpm with tolerance of  $\pm 10$  rpm. Ideal for 2-stroke and 4-stroke engines. Functions with cable or remotely through induction. Rev counter and hour counter functions. Pack: pouch.

Description	Part number
Electronic revolution counter	001000785

**Spark tester**

Checks arrival of current to spark plug. To be connected between coil cable and spark plug; functions also when the engine is running. Pack: loose.

Description	Part number
Spark tester	001000515R

**Combination wrenches**

To remove spark plugs. Also features screwdriver tip for chainsaw chain tensioning. Pack: loose.

Description	Part number
17 x 19 mm wrench	2304009
14 x 21 mm wrench	2304022
10 x 19 mm wrench	2304029

■ Lubricants

Lubricants

**Special oil for 2-stroke engines**

Special semi-synthetic oil "PROSINT" 2T at 2% (50:1) for lubrication of high-performance 2-stroke engines. Suitable for use with leaded and unleaded petrol. Minimizes deposits and spark plug fouling. Low emissions, reduced wear and clean engine. Exceeds API TC - JASO FC - ISO - L - EGD specifications. Colour blue/green. Package: carton 20 pcs. x 100 ml or 12 pcs. x 1l. Minimum order: 1 carton.

Description	Part number
Special oil "PROSINT" 2T - 100 ml bottle	1108020A
Special oil "PROSINT" 2T - 1 l can	1108021A

**Special oil for 4-stroke engines - SAE 30**

Highly refined SAE 30 grade mineral oil, specifically formulated and developed for 4-stroke air- and water-cooled engines designed for gardening sector applications. Mineral type engine oil containing a special combination of additives that give excellent detergent/dispersant, antioxidant, anticorrosive, and anti-wear properties. Exceeds API SG/CE, MIL - L - 2104 D, MIL - L - 46152 C specifications. Package: carton 16 pcs. x 600 ml. Minimum order: 1 carton.

Description	Part number
SAE 30 oil for 4-stroke engines 600 ml can	<b>001001092B</b>

**Special oil for 4-stroke engines - SAE 10 W - 30**

Synthetic oil based lubricant, SAE 19 W - 30 grade, specifically developed for 4-stroke air- and water-cooled engines used in gardening sector applications. High-performance all-season oil containing a special combination of additives that give excellent detergent and dispersant, antioxidant, anticorrosive, and anti-wear properties. Exceeds API SL/CF specifications. Package: carton 20 pcs. x 100 ml. Minimum order: 1 carton.

Lubricants

**Special grease**

Special high quality lithium grease with molybdenum bisulphide for bevel gear pairs, elastic couplings, hedgetrimmer transmissions, earth auger gear reducers. Recommended for use with all mechanical parts subject to high loads. Exceeds ISO 6743-9; DIN 51825 KPF 2K - 30 specifications. Packing: carton. Quantity per carton: 24. Minimum order: 1 carton.

Description	Part number
Special grease/125 g tube	<b>4174238A</b>

**Special additive for petrol and diesel fuels**

Special "ADDITIX 2000" additive, ideal for treatment of diesel fuel, 2-stroke mixture and leaded or unleaded petrol. Prevents deterioration of fuel for at least 12 months and protects from oxidation. Facilitates engine starting, keeps fuel system clean, and protects against rust and corrosion. Pack of 24 x 125 ml bottles. One full doser cap is sufficient for 5 l of petrol.

Description	Part number
Special additive "ADDITIX 2000" - 125 ml bottle	<b>00100972</b>

**Multipurpose concentrated degreasing detergent**

High concentration detergent to obtain excellent results in the cleaning of heavily fouled surfaces such as mechanical parts, engines, tools for gardening, agriculture, and forestry, bicycles and motorcycles. 500 ml bottle with spray dispenser. Pack containing 12 pcs x 500 ml or 4 pcs x 5 l. Minimum order: 1 carton.
