

Mistblowers

■ Accessories for mistblowers

**Powder kit for AT 2080 - AT 2090**

Conversion kit for treatment based on microgranule chemical powder. Rather than entering into contact with the fan, the powder/granules are conveyed directly into the blower tube.

Description	Part number
Powder kit for AT 2080 - AT 2090	365200114

**Double jet kit for AT 2080 - AT 2090**

Allows the operator to execute dual treatment with fungicides.

Description	Part number
Double jet kit for AT 2080 - AT 2090	365100062

**ULV kit for AT 2080 - AT 2090**

Provides optimal atomization of the sprayed liquid to ensure targeted treatment eliminating overspray and wastage of product.

Description	Part number
ULV kit for AT 2080 - AT 2090	365200203A

**Powder kit for AT 2062**

The powder kit is easy to install and features numerous adjustment options for the quantity of powder/granules delivered, by means of a handy lever located on the handgrip.
